A card with a requirement of “any Intelligence” may be met using one of several skills. These skills include FCA, Intelligence, Klingon Intelligence, Obsidian Order, Section 31, and Tal Shiar. If a card requires multiple Intelligence skills (“any 3 Intelligence”) you may use any combination of Intelligence skills to meet the requirement. A card requiring simply “Intelligence” must be met by that skill.

Once each turn, you may download a Bajoran espionage card to one of your unsolved missions (limit one per mission), then draw two cards if you have at least two  Resistance personnel in play.

*Barzan Wormhole – Erratum:

Each player may seed a non-Borg  ship here. **OR** Plays once each turn to relocate your ship in the Badlands Region to Caretaker’s Array. **OR** Plays at any time, for free, if a ship is about to be destroyed by Navigate Plasma Storms. Instead relocate ship to Ocampo planet or owner’s hand.

First Edition Current Rulings Document

(07 July 2010)

Current Rulings are periodic updates to the First Edition Rulebook, including changes, clarifications, and situations it does not address. Current Rulings are an official supplement to the Glossary and should be used by tournament directors in making tournament rulings. (The rulebook is intended for beginners and should not be used for rulings.)

Answers given by official Continuing Committee representatives are not official until included in an official rules document such as the Current Rulings, Official Clarifications, or Official Rulings. Such answers are highly recommended for use by tournament directors, but the Tournament Director always has the final authority on rulings.

This document contains all Current Rulings issued since the Glossary v1.8. Entries that are new, changed, or expanded since the last Current Rulings document are marked with an asterisk (*) before the topic and in **red text**. These rulings are effective immediately.

For additional resources or to find answers to your questions, please visit <http://www.trekcc.org>.

Engage Cloak –

Any effect that would remove a ship from Engage Cloak also decloaks (or dephases) the ship before it is placed at a location.

Hirogen Hunt – Erratum:

“In place of your normal card draw, you may download. . .”

Intermix Ratio – Erratum:

This card has the  icon.

Intruder Alert! – Erratum:

This card has the  icon.

The Juggler – Erratum:

This card has the  icon.

Kahn –

The glossary entry title is misspelled and should read “Khan.”

*Kevin Uxbridge – Erratum:

Nullifies any one Event card in play (except for Treaty cards) **OR** any other card just played as an Event card. (Immune to Amanda Rogers.) [0]

keywords –

Some cards have text in their lore or title that are referenced by other cards. Admiral, General, Cook, Nurse, and Bodyguard (for personnel), and Murder (for dilemmas) are all examples of Keywords. These words should be considered part of the card’s game text, and are similar to other traits and icons. Keywords are referenced by other cards, they have no built in function. Personnel who are disabled or in stasis cannot use their keywords. Stopped personnel maintain keywords and may use them if applicable (see **stopped**.)

Kahn –

Misspelled as “Kahn” in Glossary 1.8 and incorrectly alphabetized under that spelling.

*Metaphasic Shields – Erratum:

Plays on your ship. SHIELDS +2 for each SCIENCE classification personnel aboard.

Mirror Image – Erratum:

This card has the  icon.

mission attempt –

While your personnel are attempting a mission, if a dilemma is replaced under that mission, the mission attempt immediately ends. (Example: your Away Team including Benjamin Sisko, Bold Captain attempts Hunt For DNA Program and fails to pass Scientific Method. Since the mission is worth 40 or more points, Scientific Method does not stop Benjamin Sisko. The dilemma is returned under the mission, ending the mission attempt. Sisko remains unstopped (unless Mission Debriefing is in play) and could choose to reattempt the mission (encountering Scientific Method again).

The Nexus –

Personnel under The Nexus are not considered present with each other. They cannot battle each other, or enable or use any text that requires them to be present with another personnel.

*Nutational Shields – Erratum:

Plays on your ship. SHIELDS +2 for each ENGINEER classification personnel aboard.

Ocular Implants –

Delete the Glossary entry, which was made obsolete by the updated present ruling.

*Oof! – Erratum:

This card has the  icon, and the following game text: Nullifies Fightin’ Words. **OR** Place each Amanda Rogers, Kevin Uxbridge, and Q2 in opponent’s point area out of play; opponent loses 5 points for each. (Immune to Amanda Rogers.)

preventing stops –

See **mission attempt**.

punishment icon –

A card with this icon is capture related. More cards will reference this icon in the future.

Q the Referee – Erratum:

Delete this card’s second sentence as irrelevant, as these cards now all have the  icon.

***Q2 – Erratum:**

Nullifies any Amanda Rogers **OR** Kevin Uxbridge just played, **OR** nullifies any Q-related dilemma. [0]

quadrant rule –

The glossary cross-reference should read: See **report**.

Quark's Bar –

The glossary cross-reference should read: See **report**.

revised text –

The following cards have revised game text: Ankari "Spirits," Bajoran Resistance Cell, Cloaked Mission, Delta Quadrant Spatial Scission, Intermix Ratio, Intruder Alert!, The Juggler, Mirror Image, Oof!, Q the Referee, Scorched Hand, Temporal Vortex, and Vic Fontaine. See each individual entry for the actual revision. Also, see the Conversion Rules for a list of First Edition Compatible cards with revised text.

Scorched Hand – Erratum:

This card has the  icon.

scouting locations –

Replace the second paragraph of this Glossary entry with the following: Before you may scout a location, you must have an activated current objective that specifically allows you to scout that location. A dual-icon mission may be targeted as either a space or a planet location, but only one Borg objective may be completed at any one mission location (either single- or dual-icon).

Second Edition cards –

Second Edition cards which have a "First Edition Compatible" indicator (a colored bar) in the lower left corner may be used with First Edition rules. A few rules are required for conversion of new features and skills when mixing Second Edition and First Edition cards. These rules may be found in the separate rules document "First Edition Conversion Rules." First Edition cards may not be mixed with Second Edition cards for use with Second Edition rules.

Seed Phase – Other Seeding Rules –

You may not activate a hidden agenda or use "play phase" game text such as effects that suspend play or may happen "at any time" or "each turn." (The phrase "...special download icons or..." is deleted.)

♣ Space – Erratum:

Delete this sentence: The maximum span for one ♣ Space card is 5.

Starfleet –

An **affiliation**.

Starship Excelsior –

This ship has special equipment providing one Stellar Cartography skill. This skill may be used to overcome space dilemmas or satisfy requirements of space missions.

Strategema –

When this incident is in play, Q's Planet cannot enter play (it cannot be taken from a Q's Tent and inserted into the spaceline).

Temporal Vortex – Erratum:

This card has the  icon.

U.S.S. Excelsior –

Delete this glossary entry. It belongs under **Starship Excelsior**.

unexamined –

A player has examined a mission if that player has revealed, glanced, or peeked at any card seeded face down at that mission, regardless of which player's card caused that player to see the card. If a mission has been attempted or scouted, it has been examined for both players.

Unique and Universal –

Each player may have only one copy of a particular unique (or Enigma) personnel or ship (or of the same persona) or nonduplicatable facility in play at any time. Any number of copies of a universal personnel, ship, or facility may be in play at the same time. A player may not play a unique personnel, ship, or nonduplicatable facility if that player has a non-unique personnel, ship, or facility in play with the same title or persona (or vice-versa).

Vic Fontaine – Erratum:

Replace special download with: Any card (if an opponent's dilemma just "stopped" your personnel present; once per game per dilemma).

***Wormhole – Erratum:**

Requires two Wormholes. Play one on your ship. Play the other at any location. Ship relocates to that location (and then is "stopped").
