

THE CONTINUING COMMITTEE

First Edition Recent Rulings Document

(7 September 2020)

The Recent Rulings Document lists all Glossary updates and new temporary rulings issued since the last *regularly scheduled* rules update. Rules updates are scheduled for the first Monday of each month and for the official release day of any new expansion set.

Because the Glossary and Rulebook are kept continuously up-to-date, there is no need for players or tournament directors to consult the Recent Rulings Document, as long as they have the most recent posted copy of those documents.

Any player who does *not* have the most recent monthly Glossary or Rulebook but wishes to play by current, official rules will need to collect and save each new Recent Rulings Document until reprinting the Glossary. The RRD is also a useful way to see recent rules changes at a glance.

Unless announced by the Rules Manager or Director in an expressly designated Official Ruling, answers given by Continuing Committee representatives are not official until included in an official rules document such as the Glossary. We recommend that Tournament Directors consider unofficial answers, but, until an Official Ruling is made, the Tournament Director reserves final ruling authority.

For additional resources or to find answers to your questions, please visit <http://www.trekcc.org>.

GLOSSARY UPDATES

assimilation - personnel –

Change the normal staffing icon bullet in this way:

* Otherwise, gains Borg subcommand icons, as follows:

Old Staffing | New Staffing
[Cmd] | [SCC]
[Stf] | [SCN]
Neither | [SCD]

Furthermore, insert the following at the end of the list:

* Its restriction box and other icons become irrelevant.

Credit to Jason Robinette (JasonRed3) for noticing both how strange the previous text was and how it deviated from the Borg rules described by Decipher, apparently based on a misleading graphic in the The Borg rules supplement.

battle -

In the second bullet point, replace "the Borg Ship dilemma" with "[self] cards," and cross-reference **Rogue Borg** and **self-controlling**.

Under "Non-battle cards," cross-reference "Nemesis icon."

Thanks to VioletBlaze.

card title -

Add a cross-reference to **combo dilemma**.

Thanks to VioletBlaze.

Consume: Outpost–

New entry:

The outpost downloaded by this objective is required to play this objective. When this objective is downloaded using The Ultimate User, the ability to ignore Computer Crash applies to the entirety of that download action, which includes the sub-action of downloading the outpost. You may still scout for and complete this objective if the outpost is destroyed (or otherwise leaves play).

Answering some questions that have arisen about this card. Basically: yes, you need the outpost to start, but The Ultimate User protects you from Computer Crash. And, once the objective is in play, you no longer care about the outpost; it can even blow up.

Exocomp –

Add a cross-reference to **repair**.

Thanks to Maggie Geppert.

landed ship -

Add a cross-reference to **on planet**.

Thanks to Takket.

on planet -

Add cross-references to **landed ship** and **planet facility** where appropriate.

Thanks to Takket.

planet –

New entry:

See **on planet**, **planet facility**, and **surface**.

Thanks to Takket.

Appendix A: Lists –

Add a list of card types.

We figured it might be nice to have these all in one place.

RULEBOOK UPDATES

Personnel Assimilation (Sidebar) –

Revise in accordance with this month's edits to the corresponding Glossary entry.

Enough said.

Attempt A Mission: Solving The Mission –

Change the last sentence of the first paragraph to read:

The completed mission remains on the table as a spaceline location, but cannot be attempted again. (It can be **scouted**.)

This sentence erroneously stated that a completed mission could not be scouted.

FORMAT UPDATES

There are no new format changes.

TEMPORARY RULINGS (Awaiting Final Wording / Errata)

New temporary ruling:

An artifact downloaded with Seed Hidden Reliquary must be seeded at a planet.

Remove the temporary ruling regarding Enemies of the State, due to its recent errata.

There are no other temporary rulings. See the Glossary for the permanent list of temporary rulings.
