

THE CONTINUING COMMITTEE

First Edition Recent Rulings Document

(2 November 2020)

The Recent Rulings Document lists all Glossary updates and new temporary rulings issued since the last *regularly scheduled* rules update. Rules updates are scheduled for the first Monday of each month and for the official release day of any new expansion set.

Because the Glossary and Rulebook are kept continuously up-to-date, there is no need for players or tournament directors to consult the Recent Rulings Document, as long as they have the most recent posted copy of those documents.

Any player who does *not* have the most recent monthly Glossary or Rulebook but wishes to play by current, official rules will need to collect and save each new Recent Rulings Document until reprinting the Glossary. The RRD is also a useful way to see recent rules changes at a glance.

Unless announced by the Rules Manager or Director in an expressly designated Official Ruling, answers given by Continuing Committee representatives are not official until included in an official rules document such as the Glossary. We recommend that Tournament Directors consider unofficial answers, but, until an Official Ruling is made, the Tournament Director reserves final ruling authority.
