

THE CONTINUING COMMITTEE

RULINGS – General

***Articles of Jurisprudence** - This card is **unique** only while **in play** for its first function. When in play for that function, it does not prevent another copy from being played for the other function

***Corresponding** - At the end of the entry, add this paragraph:

A corresponding location or region in an "opposite quadrant" is a location or region with the same name. For example, Bajor in the normal universe (Alpha Quadrant) corresponds to Bajor in the mirror universe (Mirror Quadrant).

***D'deridex Advanced** - Delete this entry.

Downloading –

Change fifth bullet point under other rules section to:

- Although some downloads are optional, others require you to download a certain target card (or group of target cards). If you cannot do everything required, the entire download is invalid.
- If your download is invalid because you could not produce the target card(s), your opponent is allowed to look through your hand, draw deck, Zalkonian Storage Capsule, and Q's Tent (if open), or any other source specified for the download.

***Ship Class** - At the end of the entry, add this paragraph:

When a ship's class box states that it is an "advanced" or "modified" version of a class, then that ship is treated as a member of both classes. For example, I.K.C. Kla'Diyus's class box ("Modified B'Rel Class") identifies it as a B'Rel-class ship for the purposes of Duj Saq.

***Special equipment** - Add "Acquisition" to the list of special equipment in the first paragraph.

At the end of the entry, add this paragraph:

When a ship has a regular skill as special equipment, it can be used as though possessed by a member of the ship's crew. For example, the Acquisition on Dosi Trade Vessel may be contributed toward solving Salvage Wrecked Ship, or allow a Small Cloaking Device that is reporting aboard to report for free. It cannot open Secret Compartment on a nearby ship, because its crew is not **present** with that Secret Compartment.

***Starship Excelsior** - Delete this entry.

First Edition Current Rulings Document (02 February 2015)

Current Rulings are periodic updates to the First Edition Rulebook, including changes, clarifications, and situations it does not address. Current Rulings are an official supplement to the Glossary and should be used by tournament directors in making tournament rulings. (The rulebook is intended for beginners and should not be used for rulings.)

Answers given by official Continuing Committee representatives are not official until included in an official rules document such as the Current Rulings, Official Clarifications, or Official Rulings. Such answers are highly recommended for use by tournament directors, but the Tournament Director always has the final authority on rulings.

This document contains all Current Rulings issued since the Glossary v1.9.2. Entries that are new, changed, or expanded since the last Current Rulings document are marked with an asterisk (*) before the topic and in **red text**. These rulings are effective immediately.

***Strategic Base** - This card is **unique** only while in play for its second function. When in play for that function, it does not prevent another copy from being played for the other function.

~~after which you may no longer play cards
