Welcome to Hirogen Week [Tweet](#)

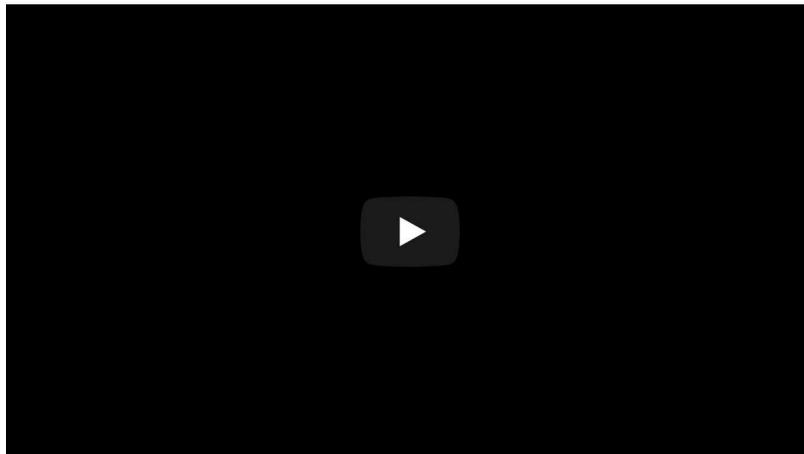

by [Maggie Geppert](#), Vice Chairman

12th August 2018

Welcome to Hirogen week! The Hirogen appeared in nine episodes of Star Trek: Voyager and became a full-fledged affiliation in *First Edition* in The Borg expansion. They get their first passing reference in [Message in a Bottle](#). The Voyager crew gives them holodeck technology in the two-part episode [The Killing Game](#). Hirogen sometimes become prey, as was seen in [Tsunkatse](#). The consequences of holodeck technology are seen in [Flesh and Blood](#).

We have some fun stuff for you this week. Charlie Plaine (MidnightLich) has a design article for *First Edition*. I'll be checking out a basic Hirogen deck. Nathan Miracle (GoeyChewie) will be writing a "what-if" design article for 2nd Edition. Finally, Andreas Rheinländer (Dukat) is back with more strategy articles.

This week's Top 5 video in features Dan Van Kampen (Iron Prime), who is not a professional. ;-) Also, I apologize in advance because the video also features my three-year-old daughter having an epic meltdown. Feel free to snigger at your leisure.

Now to this week's contest. It's a hunt – a word hunt! (I have no idea what's up with Google Photos. Click on the link to view the pic.)

DAR	DISRUPTER	GARREN
HARATH	HUNT	IDEN
KEJAL	OLARRA	RELICS
RIFLE	RITUALS	SUMEK
TALON	WEISS	WODEKIDAN

Print out the grid; find all fifteen words and PM me (jadziadx8) your answer before 11:59 pm CDT (that's -5:00 GMT) on August 18th, 2018. The randomly chosen winner will choose a themed *First Edition* promo card.
