ARTIFACT

ORB OF TIME

Bajoran Orb. Transported *U.S.S. Defiant* across time and space to encounter starship *Enterprise*. Also used by Kira Nerys to travel back to the Cardassian occupation to learn of her mother's fate.

TWT: 1 R

DILEMMA

[S/P] CHULA: THE DRINK
One chula puzzle places the players in a cocktail party filled with poison gas. The antidote awaits the one who is clever (or foolish) enough to take a chance on a mysterious beverage.
To get past, four personnel present (random selection) must be "tested." All four are "stopped" unless one has CUNNING<6 OR CUNNING>9.
TWT: 2 R

[S/P] CHULA: THE WAY HOME
Near the end of their chula experience, three Deep Space 9 senior staff members were enticed to follow an image of Julian Bashir. He claimed to have found the way home.
To get past, three personnel present (random selection) are chosen. Opponent may relocate one to Quark's Bar or your facility if the other two have combined INTEGRITY<15.
TWT: 3 C

[P] EXECUTIVE AUTHORIZATION
Before Benjamin Sisko and Admiral Leyton could implement extreme security measures on Earth in 2372, they had to obtain authorization from Federation President Jareh-Iryo.
To get past requires a President, High Council Leader, General, Legate, Chancellor, Proconsul, Chairman, Intendant, Minister, Kai, Founder, Nagus, Governor, Queen, counterpart, or PADD.
TWT: 4 R

[S/P] FERENGI INFESTATION
In anticipation of a prisoner exchange, a Dominion delegation boarded Empok Nor in 2374. They found that Ferengi were already entrenched there.
Opponent may download up to two male Ferengi to a facility at this location (or up to six if facility is Empok Nor). To get past requires 2 SECURITY and CUNNING>50.
TWT: 5 R

[S/P] LINEUP
After a bar fight with Klingons on Station K-7, Captain Kirk ordered a lineup. No crewman claimed responsibility for starting the brawl, but none pointed the finger at Mr. Scott, either.
To get past requires four personnel present (random selection) to "form a lineup." All four are "stopped" unless one has INTEGRITY<5 OR INTEGRITY>8.
TWT: 6 C

[S/P] OOPS!
In 2374, an ill-prepared band of Ferengi arranged a prisoner exchange aboard Empok Nor. Their profound lack of competence made the process even more difficult than they had expected.
Unless Leadership present, kills one personnel (random selection) and "stops" all others present. To get past requires three [Stf] personnel OR three [Def] drones OR Nog.
TWT: 7 C

[P][2] PALUKOO
Large spider-like creature inhabiting the Bajoran moons. One-time food source for Resistance fighters. Caused Dax concern, since Trill/symbiont biochemistry cannot tolerate insect bites.
Unless Resistance OR ANIMAL present, "bites" a non-android (random selection). If *Trill with symbiont*, dies now (discard dilemma); otherwise, disabled until countdown expires.
TWT: 8 U

[S/P] Q GETS THE POINT
Q, stripped of his powers, helped the *U.S.S. Enterprise* crew develop a plan to save Bre'el IV from destruction. Guinan used a simple serving fork to verify his claim of mortality.
To get past requires 2 Treachery or Mortal Q, but one such personnel (opponent's choice) is "forked" ("stopped") if opponent has any Guinan in play. Nullified by any Guinan.
TWT: 9 C
