

First Edition Current Rulings Document (7 January 2013)

Current Rulings are periodic updates to the First Edition Rulebook, including changes, clarifications, and situations it does not address. Current Rulings are an official supplement to the Glossary and should be used by tournament directors in making tournament rulings. (The rulebook is intended for beginners and should not be used for rulings.)

Answers given by official Continuing Committee representatives are not official until included in an official rules document such as the Current Rulings, Official Clarifications, or Official Rulings. Such answers are highly recommended for use by tournament directors, but the Tournament Director always has the final authority on rulings.

This document contains all Current Rulings issued since the Glossary v1.9. Entries that are new, changed, or expanded since the last Current Rulings document are marked with an asterisk (*) before the topic and in red text. These rulings are effective immediately.

For additional resources or to find answers to your questions, please visit <http://www.trekcc.org>.

THE CONTINUING COMMITTEE

RULINGS – General

Ancestral Vision – Erratum:

Seeds or plays on a [DQ] planet. End of each turn, if your Honor personnel who has INTEGRITY>7 is present, draw an extra card. (May not be nullified if Chakotay present.)

assimilation - personnel –

Change the fourth and fifth bullet points to the following:

- If it already has any subcommand icons, it retains them, and any other normal staffing icons are lost.
- If it has no subcommand icons, its printed staffing ability changes to a subcommand icon, as follows:

Old Staffing	New Icon
Neither	

Beyond the Subatomic – Erratum:

Name a card type. Reveal cards from top of your draw deck until you reveal a card of selected type; take it into hand, remove the other revealed cards from the game. (If you exhaust draw deck first, you lose the game.)

bonus point area –

Replace the first sentence with the following:

When you score points from any non-mission card with a point box, that card (unless it remains on a target or otherwise specifies that it stays in play to score the points) is placed in a bonus point area near your discard pile, as a reminder of those points, even if the card says to discard it.

control –

Replace the third paragraph with the following:

Treaties, ship enhancement cards, etc. apply to the controlled cards only when they normally apply to your cards (or all cards). For example, if you control the U.S.S. *Enterprise* owned by your opponent, it receives an attribute bonus from your Wall of Ships, and its attributes are not reduced by a Virus dilemma placed on your opponent's U.S.S. *Yamato*.

Dathon –

Replace this entry with the following:

This personnel is the matching commander of the Tama. See **Tamarian-related**.

downloading – special downloads –

Replace the first sentence with the following:

A card with a special download icon [DL] allows you to suspend any action at any time (even during your opponent's turn) while you download the specified target card and immediately play it.

*dual-personnel cards –

Replace the *Reporting and downloading* section with the following:

If one of the personnel on a dual-personnel card can be reported for free (e.g., an android with Cybernetics present), the other individual is also reported for free. If a card allows the download of only one personnel, you may download a dual personnel as long as one of them is a legal target

(e.g., a SECURITY personnel with Defend Homeworld). If a card allows the download of more than one personnel, all legal targets on a dual-personnel card must be counted towards the total cost, limits, and/or count of the download.

End Transmission – Erratum:

This card gains a Countdown icon of 1, and the following erratum:

Play on table. Immediately end your turn. (Unique).

Founder –

Replace this entry with the following: see **characteristics**.

Investigate Legend –

Replace the first paragraph with the following:

An outpost at this location in space and thus is not cloaked. See **points, cloaking and phasing**.

Kova Tholl –

Delete the first paragraph of this entry.

Mimetic Symbiot – Erratum:

To get past requires 3 MEDICAL OR INTEGRITY>30. Then, choose two personnel (random selection). One of those personnel dies (your choice).

Next Generation icon –

A card with this icon is related to the *Star Trek: The Next Generation* television series (including the *Star Trek: Generations* movie). It has no built in gameplay function and will be referenced on other cards.

*probing –

Replace the ninth paragraph with the following:

If a Borg objective involves scouting a ship or location, you may probe only after scouting is complete, and not at the end of the same turn you completed scouting. Also, you may not probe to complete any Borg objective (except one that says "immediately probe") if your Borg cards participated in any battles at the location of the objective's target during your current turn or during your opponent's previous turn.

Relics of the Chase – Erratum:

Seeds or plays on table. Once per battle, your Hirogen may capture an opposing personnel he just stunned. Also, once each turn, your Hirogen using a Hirogen Talon may place in point area one opponent's personnel he just killed in personnel battle (or, if he is an Alpha-Hirogen, one captive he is escorting); score points equal to that personnel's highest printed attribute.

*skills –

Add the following paragraph to the *Skill Multipliers* section:

A personnel who has a skill with an integral multiplier also has the skill at all lower positive integral multipliers. For example, Sarek has Diplomacy x3. He can also count as a personnel with Diplomacy x2 for the purposes of passing Inside Collaborators.

spaceline –

Replace the second paragraph with the following:

Spaceline locations may not be moved between quadrants by cards that relocate locations. The effects of a card which references the "spaceline" apply only to the quadrant where it is played or encountered. For example, Blade of Tkon can move a planet to elsewhere within its current spaceline, but not to another spaceline; The Traveler allows a ship to move only within one spaceline. See **movement between quadrants, time travel**.

special equipment –

Replace the second sentence of the first paragraph with the following:

Special equipment currently includes Cloaking Device, Energy Dampener, Holodeck, Holographic Skin, Invasive Transporters, Long-Range Scan Shielding, Particle Scattering Device, Phasing Cloak, Tractor Beam, MEDICAL, SCIENCE, and Stellar Cartography.

Tamarian-related –

a card with “Tamarian” or “El-Adrel” in title or lore.

Tamarian-related dilemmas –

This entry is deleted and replaced with **Tamarian-related**.

The Next Emanation – Erratum:

This card gains a Countdown icon of 2, and the following erratum:

Seeds or plays on table. Opponent's non-♦ personnel discarded from play are placed under here instead of in discard pile.

Thine Own Self –

Delete the following sentence: ~~You may play this interrupt on personnel phased by the Phased Matter dilemma.~~ This interrupt cannot be played on personnel phased by the Phased Matter dilemma.

timeline disruption –

Replace this entry with the following:

The existence of time locations makes it possible to conceptually go back in time and alter history in such a way that you change conditions in the present. The effects of timeline disruption vary by event:

“**Timeline disrupted in 2063**” – If the Borg change history by completing a Stop First Contact or Build Interplexing Beacon objective, the timeline is disrupted and Federation and Starfleet history ceases to exist. Cards which are disrupted include:

- All personnel of Human species.
- All  and  affiliation cards (including mutli-affiliation cards, regardless of current mode), such as personnel, ships, and facilities.

However, things from other universes or currently time travelling are not affected by this timeline disruption thus, the following cards are protected:

- cards with a  icon.
- cards with an  icon (unless they also have a , , or  icon).
- cards that have disappeared (e.g. Temporal Rift or Time Travel Pod).
- cards which have lost their affiliation (e.g. Thine Own Self)
- cards at a time location.

Except for cards which are protected, all disrupted cards in play (in any quadrant) and in any player's hand, draw deck, side deck, discard pile, etc., are placed out-of-play. (Reshuffle where appropriate.) If any cards are aboard (or played on) a disrupted ship or facility (but are themselves not disrupted), those cards return to owner's hand.

“**Timeline disrupted in 2267**” – the effects of this disruption are described on Hero of the Empire.

unique and universal –

Replace the first paragraph with the following:

Universal personnel, ships, facilities, sites, missions, and time locations are those with the four-diamond  universal symbol at the beginning of the card name. Those without the  universal symbol are unique (unless they have an enigma icon ) All other card types are universal unless marked “Unique” or “Not duplicatable.”

warp core icon –

A card with this icon is related to the *Star Trek: The Next Generation* television series (including the *Star Trek: Generations* movie). It has no built in gameplay function and will be referenced on other cards.

Where No One Has Gone Before –

Replace the entry with the following:

Only once copy of this event is needed to affect all spacelines. However, it does not allow movement between quadrants.
